Washable

**Areas of application:** normal wall,  
ceiling

Graphic Design Number: FFTK-DDS009

## Areas of application

### Direct wet area

The future of the bathrooms, jointless and seamless surface coverings in the shower.

### Indirect wet area

Behind the bathtub, the washbasin, the toilet or as the kitchen backsplash, anything is possible.

### Floor

Special floor design as an eye-catcher.

### Facade

Give your facade a whole new look.

### Normal wall

Make a wall to stand out with Funktionsflächentextil.

### Ceiling

Redefine ceiling design to set creative accents.

**cropped &  
translucent**

Graphic Design Number: FFT0092

Graphic Design Number: own image

## **cropped**

The quality type crocodile can also be round and in special shapes.

## **translucent**

The quality types crocodile, iguana and snake can be back-lighted. This also works in the shower with crocodile.

## 1. Funktionsflächentextil image database

You can find the graphic you want directly in our image database:  
**[www.fftextil.de/grafiken](http://www.fftextil.de/grafiken)**

Funktionsflächentextil  
image database

## 2. Your own graphics

In order to achieve the optimal printing result, we need the image files in at least 150 dpi. Vector graphics are the ideal print templates, as they can be scaled to any size and can be individually editable.

By each order is the graphic checked for suitability so that we can deliver the best possible quality.

## 3. Funktionsflächentextil artists

Do you have clear idea of your desired graphic design? Our artists can draw you your desired graphic on order:  
**[www.fftextil.de/künstler](http://www.fftextil.de/künstler)**

## 4. Image databases

Animals, landscapes, graphics, images of nature, abstract art and much more. No wish remains unfulfilled, because everything is possible.
